PRESIDENT'S REPORT

By Andrew Hansen

As I write this very brief report, news is reaching us of the devastating earthquake and tsunami in Japan. It rather puts one's problems in perspective.

The events of the last quarter are covered in my annual report to the DIAA reproduced elsewhere in this magazine.

I encourage all members to attend the Annual General Meeting of the DIAA to be held on the 14th May 2011, and to bring this magazine, containing all the meeting information, with you. If you can't come, appoint a proxy (see page 5).

The AGM will be an opportunity to farewell our wonderful outgoing secretary, Solange Shapiro, and to welcome the new, Marika McKinnon.

I look forward to seeing you there.

Andrew Hansen
President DIAA
